I (we), the undersigned, do hereby request assistance to help defray the cost of voluntarily installing/upgrading an on-site individual sewage treatment system as listed below. It is understood that:

1. The on-site system to be installed with MPCA's FIXUP Fund shall be properly designed and installed by an MPCA Licensed professional according to the Individual Sewage Treatment Systems Standards, Chapter 7080, and shall be properly maintained. If title to this land is transferable to another party within 15 years of the installation, it shall be the responsibility of the land occupier who signed this contract to advise the new owner in writing that this contract is in force.

3. A copy of the most current tax form 1040 is necessary to determine eligibility and must be submitted with this application. All application information is confidential.
