

Big Stone County has several surplus computer monitors. The county will be offering these monitors by random drawing for anyone interested. All names submitted will be placed in a bucket and drawn one at a time. If you would like more than one monitor, please specify the quantity in your email. As an example, if you would like 2 monitors, your name will be placed in the bucket two times and drawn separately.

As each name is drawn, that person will be allowed to pick the monitor of their choice based on the size they have requested and will immediately pay the County Auditor by cash, check or credit card. If a credit or debit card is used, a small processing fee will be applied.

All monitors have been tested and do work. They will be sold "as is." There will be a computer available to test the monitor before you pay for it.
